

Vigla Natura

June 22-29 2010

Due to popular demand, Vigla Natura is proud to offer an exclusive naturist group sailing week.

Our two catamaran yachts (each with their own skipper) offer you the freedom to have a sailing holiday without any prior sailing experience or qualifications.

Both yachts will follow the same route around the beautiful coastline of the Ionian Islands, taking in some of the most stunning secluded bays, tranquil harbours and give you the chance to sail in a relaxed and friendly environment.

Catamarans have excellent stability for those who are new to sailing, as well as great performance for the more adventurous sailors.

With a maximum of six people on board, each catamaran offers ample space on board to live, sunbathe and socialise. Both boast three double bed cabins, two toilets, hot indoor showers, deck shower and large kitchen. The living area is spacious, inside and out, with a full galley and

seating area inside and outside benefiting from two large sunbathing trampolines, a large shaded cockpit area and a barbecue.

There are limited spaces, so booking early is recommended and at only €750 each (based on two sharing a cabin) they won't be available for long!

Why not have a week onboard followed by a week on shore at Vassaliki Naturist Club and so you can relax around our beautiful pool and visit some of the many beaches and attractions on Kefalonia.

If a one or two-week holiday in the sun is not enough, how about a change of scenery and

come and join the team at Vassaliki for the whole summer! We are looking for couples and singles to help with various aspects of running our resort. For more information, go to our website – www.viglanatura.com – and click "Jobs", email holidays@viglanatura.com or telephone 020 8144 2166.
